## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior art fails to disclose, either singly or in combination, a semiconductor image position sensing device provide a photoelectric layer, a resistance layer laminated on the photoelectric layer in which the photoelectric current in the photoelectric layer flows into one of a plurality of portions of the resistance layer corresponding to that onto which light was input, and signal current output terminals, comprising a resistance subtracting a photoelectric current having a predetermined distribution from photoelectric currents generated in respective portions of the photoelectric layer over all of the photoelectric layer, and the photoelectric current having a predetermined distribution, which is subtracted by the resistance flows into the resistance layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephone B. Allen whose telephone number is (571) 272-2434. The examiner can normally be reached on Mon-Thurs from 0900-1700.
